ANUFACTURERS OF PLATFORM SCALES, ANUFACTURERS OF PLATFORM SCALES,
Sr. Johnsbury, Vt.

AN EXPERIENCE of twenty years has enabled us
to discover many practical defects in the operation
of Compound Estances, even when constructed upon
correct mathematical principles. These defects can
only be known and remedied by long experience and
great practicalsmit. Platform balances, when to an inexperienced observer, appear to be exact imitations of
our Scales, are often found when tested to be very inaccurate.

A great variety of PLATFORM BALANCES are now offered for sale, and many are used, which cannot be relied upon for correct weight. In many testances they will not agree with themselves. Merchants who have used them for months, supposing them correct, have fortuitously discovered that a beavyload, when divided and weighed in small drafts, would vary essentially, in the aggregate, from what was indicated by the same scale when weighed at once. Frequently the same platform will give different weights upon every change of the position of the body weighed. The consequences of these variations are often vexatious, and always involve one patty in pecuniary loss.

Certificate of the Inspectors of Weights and Measures in the City of New York, from the year 1835 to 1845. the City of New York, from the year 1835 to 1845.

We, the undersigned, having had occasion to test the various Platform Scales in use in the City of New York, are pleased to bear our testimony to the superior character of those manufactured by E. & T. > is almost miraculous. Rend the Certificate! TALLAPOORA COUNTY, Ala., Jan. 2, 1852.

Dr. Guyasti-Dear Sir: I send you his to certify to you that your Extract of Yellow Dock and Sarsaparilla has performed one of the most wenderful cures on me that has ever been effected ou man.

I have been all cted for forty years with irruptions on my legs and feet; in Islist they got so had that I had to go on crutches, and in 1819 I had one leg amputated above the kines. In about 9 months after, my other legs broken. on crutches, and in ISI9 I had one leg amputated above the kuee. In about 9 months after, my other leg broke out in large eating and running sores from my knee to my foot, and discharged a great deal of cifensive matter. My groin also broke out in large biles, which discharged much offensive matter, and at he same time my leit hand booke out in large pulming aores nearly to my elbow.

The misery that I have suffered for the last two years I cannot describe to you. I was in such agony that I never rested day or night. I was given up to die, and by the help of God I had made preparation to die, and had pointed out to my family the place where to bury my remains.

remains.
In October last my son brought me one of your bottle in October last my son brought me one of your bottlelul cures perfermed by your "Extract of Yellow Dock
and Sarsapanilla." I sent and gut two bottles of it, and
commenced taking it. In two weeks, to my great aslonishment, my sores all became easy, and I could sleep
all night, a thing I had not done for two years. When
I had taken six bottles, my sores had nearly all healed.
My sores get well as if by enchaniment. I have now
used in all eight bottles of your "Extract of Yellow
Dock and Sarsaparilla," and I now consider myself
well. I am at a loss for terms to set forth the wonth of
this medicine, or to express my gratitude for what it
has done for me. I must call it the Saviour of man
from misery while living upon earth.
I entreat all of the allitted lo try this medicine, for I
believe it will cure any known disease in the world.
Lay aside all prejudice and just try it, and proclaim its
great worth to suffering mankind, and entreat them to
take it, for it will cure them. Lay aside any contributions manking, and course, see it will cure them.

My case is well known in a large portion of South Carolina, Georgia, and Alabama, and if any should doubt the above cure. I invite them to call on me, and I will show them the Scars. I can be found in Tallapoosa county, Ala., one mile from Sloc's Ferry.
